EXPERIENCE

CD Tech - Director, Host, Software Engineer

JANUARY 2025 - CURRENT

Myself and my fellow leaders host meetings in downtown Chattanooga every other Thursday at the Business Development Center, providing networking services and a friendly meeting place to both experienced professionals, and those wanting to delve into technology.

Sequoia Kanies LLC - Founder, CEO, Software Engineer

MARCH 2024 - CURRENT

Lead solo software engineer, working as a designer in charge of developing and maintaining all aspects of the company website. Sequoia Kanies LLC provides Business and Technical Consulting, Graphic Design, Web Development, Software Engineering, and Content Management. We engineer beautiful websites for small businesses, allowing for all parties involved to thrive by working together!

CyberMonk, Remote — Software Engineer

OCTOBER 2023 - FEBRUARY 2024

Developed a Progressive Web App, prototyped in Vanilla JS, React, Google Material Design, Cordova and Capacitor to optimize cross-platform functionality and facilitate IOS and Android native app development. Finalized deployment from prototyping by utilizing React and Capacitor. Live on the iOS App store!

Sims CWW, Trenton GA — Lead Builder, Manager, Web Developer

OCTOBER 2022 - DECEMBER 2023

Served as company manager and lead builder, overseeing physical construction projects as well as providing professional website development. My efficient and high quality work helped SimsCWW turn their best profits since they acquired the company!

PodWheels, Chattanooga TN — Full Stack Software Engineer

JANUARY 2022 - SEPTEMBER 2022

Developed and debugged full-stack features for a large-scale podcasting company based in Chattanooga, using React, JSX, Postgres stack. Managed project assets, contributed to strategic planning and implementation, and utilized version control to enhance development practices. Successfully fixed many bugs and added features, which helped the site be user friendly, increasing customer satisfaction and retention.

HiddenCharmSoaps, Remote — Founder/CEO/Web Developer

2021

Co-founded a local soap-making business with my wife, initially selling products at
